	(R) Rosewood	2 x 6m				

55mmCOUPLER

TC955ALI

This product is our heaviest duty 70mm frame coupler. It has a frame deduction of 55mm which gives it its strength in a load bearing or wind loading capacity. You can also hide a guttering downpipe behind it and we have seen it used to fix spotlights on the inside of conservatories! **For Bay Jack order Jack D for TC955ALI**
